

PLAN CLAIM REIMBURSEMENT INFORMATION

Cafeteria, HRA and/or VEBA plans allow you to save taxes and increase your spendable income by converting a portion of your compensation from cash to benefits. Under these plans, you use pre-tax dollars to pay for unreimbursed medical and/or dependent care expenses. Otherwise, you would pay your share of benefit costs with after-tax dollars.

Your election to participate in the cafeteria plan is made on a plan year basis. However, the IRS allows election changes under certain circumstances, referred to as family status changes. Examples of changes to family status include: marriage, divorce, birth or adoption of a child, death of a spouse, significant changes in health coverage due to your spouse's employment or the termination or commencement of employment by your spouse. For more detailed information about the relationship of family status changes to this plan, please refer to your Summary Plan Description.

SUBMITTING CLAIMS

There are four methods of submission available for your claim form and documentation:

Online - Please visit our website at <https://www.optumhealthfinancial.com> and follow the claim submission link through your login. Further instructions for claim submission are provided at the web location.

E-mail - Claims may be e-mailed (with scanned in documentation attached) to flexclaims@optumhealthfinancial.com. E-mailed claims received by OptumHealth Financial Services after 1:00 PM Central time will be considered as received on the following business day.

Fax - Claims may be faxed to OptumHealth Financial Services with documentation: (888) 464-4470 or (888) 464-6579. Faxed claims received by OptumHealth Financial Services after 1:00 PM Central time will be considered as received on the following business day.

Mail - Claims should be sent to: OptumHealth Financial Services Inc, P. O. Box 728 Anoka MN 55303-0728 .

Regardless of your submission method, you will want to make sure you submit legible documentation. If we are unable to read items because of the quality of the copy or the fax, the claim will be denied pending resubmission of legible documentation. Supporting documentation must clearly identify:

1. Name of person/entity providing service
2. Nature of expense
3. Date expense was incurred
4. Total expense amount
5. Signature and date (of claim submission)

You may use one line on the claim form to enter expenses which are identical in nature (i.e. office visit co-pays, RX co-pays, etc.) even if the expenses have been incurred on different dates. However, please make sure to attach documentation verifying each individual expense.

If your claim is denied, in part or in full, you can file an appeal. You can find the appeal procedure in your Summary Plan Description (SPD).

MEDICAL EXPENSE CLAIMS

To be eligible for reimbursement under the plan, you must provide proof the expenses were incurred. Please attach a copy of an itemized statement from the provider. Expenses are only eligible if they are incurred while you are participating in the plan. Expenses may be incurred by you, your spouse or other individuals who qualify as eligible dependents under federal rules governing cafeteria plans. Note: Reimbursements from the medical expense reimbursement account may be limited if you are covered under a Health Savings Account (HSA) to dental or vision expenses.

Examples of eligible expenses that your plan may allow include co-payments, deductibles, unreimbursed medical, dental, and vision expenses, therapy you receive as medical treatment, prescription drugs, Over-the-Counter (OTC) drugs or medicines (e.g. aspirin, antacids, pain relievers, cold medication, allergy medicine - requires a prescription to be reimbursable) or eligible OTC medical care supplies (does not require a prescription - including insulin), hearing aids, guide dogs, transplants, and therapy you receive as medical treatment.

DEPENDENT DAY CARE CLAIMS

Eligible dependents include your children under age 13, or if older, the person receiving care must be physically or mentally incapable of self care. See your SPD for additional information on Qualifying Individuals and certain benefit maximums which apply. Reimbursement for dependent care expenses are eligible if these amounts are paid to permit you to work. If you are married, dependent care expenses are only eligible if your spouse is also working for pay, attending school, or seeking employment while you are at work.

To request reimbursement, complete the dependent care section of the claim form and attach proof the dependent care services were provided by attaching an itemized statement or by having your dependent care provider complete the Provider Certification portion of the form. According to federal law, you must report the name, address and taxpayer identification number of the dependent care provider when you file your tax return.
